## Our report to the community

**William Haugh, CEO**  
*Georgetown  
Community Hospital*

**At Georgetown Community Hospital**, our goal is to deliver the best healthcare available to the residents of greater Scott County as we seek to make our community healthier. With the help of dedicated physicians, employees, volunteers and board members, along with your continued support and encouragement, we continue our passionate pursuit of excellence.

Delivering quality healthcare close to home is the single most important contribution we make. But there are many other ways we make a positive impact on the communities we serve. Here are a few of the ways we are making a difference.

### **Nearly \$1.4 million in capital improvements**

In 2013, Georgetown Community Hospital began renovations and will continue these updates throughout 2014.

In fact, we invested \$1,397,478 in our facility last year which, in addition to the above, included technology replacement, information technology additions/updates, and important facility upkeep and maintenance.

### **Contributing to our local tax base**

Last year, Georgetown Community Hospital paid \$291,626 in taxes which helped support our city, county and state. This included state

sales taxes as well as property taxes. These dollars help maintain local schools, fund the development of roads, recruit business and industry, and provide other similar services vital to support and sustain a thriving economy.

### **Helping those in need**

Georgetown Community Hospital is committed to ensuring the delivery of needed healthcare to all members of the community, regardless of ability to pay. Last year the cost to Georgetown Community Hospital was nearly \$2.8 million to provide services for those without the ability to pay for their care.

### **Adding new physicians**

During the past year, Georgetown Community Hospital added seven new physicians to our highly respected medical staff, including specialists in cardiology, gastroenterology, hepatology, and ophthalmology. We also added two pediatricians and an internal medicine physician.

### **One of our community's major employers**

With an annual payroll of \$20,696,346 and an average of 350 employees, Georgetown Community Hospital is one of the largest employers in the region. This means that our staff and family members attend many of the same schools, shop at the same stores and volunteer their time and resources for the same organizations as you do.

We thank you for choosing us for your healthcare needs. With your support, we can continue making our community healthier.

## SPONSORSHIPS AND DONATIONS

In the last year, the hospital held its annual Health Fair in October, providing flu shots and numerous health screenings.

We also celebrated heart month by having a Women's Heart Healthy event for the community with additional health screenings. Additionally, we provided health screening events to employers in Scott County.

- Number of employees  
350
- Annual payroll  
nearly \$20.7 million
- Facility investment  
nearly \$800,000

Georgetown Community Hospital is part of LifePoint Hospitals®, a leading hospital company focused on providing quality healthcare services close to home. Through its subsidiaries, LifePoint operates 61 hospital campuses in 20 states. With a mission of "Making Communities Healthier," LifePoint is the sole community hospital provider in the majority of the communities it serves. More information about the Company, which is headquartered in Brentwood, Tennessee, can be found on its website [LifePointHospitals.com](http://LifePointHospitals.com)

"Charity and other uncompensated care" includes hospital costs not covered by Medicaid reimbursements and supplemental payments, as well as charity care and bad debt. "Physician recruitment costs" include recruitment costs and support of new physicians' initial practice establishment in the community. Payroll includes consolidated salaries, wages, benefits and contract labor costs. "Capital investments" include facility expansions/renovations, equipment purchases, technology replacement, information technology additions/updates, and routine facility upkeep and maintenance.
