A report to the community

William Haugh, CEO
*Georgetown
Community Hospital*

At Georgetown Community Hospital, our goal is to deliver the best healthcare available to the residents of greater Scott County as we seek to make our community healthier. With the help of dedicated physicians, employees, volunteers and board members, along with your continued support and encouragement, we continue our passionate pursuit of excellence.

Delivering quality healthcare close to home is the single most important contribution we make. But there are many other ways we make a positive impact on the communities we serve. Here are a few of the ways we are making a difference.

More than \$600,000 in capital improvements

In 2012, we invested \$612,035 million in our facilities which included technology replacement, information technology additions/updates, and important facility upkeep and maintenance.

Contributing to our local tax base

Last year, Georgetown Community Hospital paid \$1,312,727 in taxes which helped support our city, county and state. This included state sales taxes as well as property taxes. These dollars help maintain

local schools, fund the development of roads, recruit business and industry, and provide other similar services vital to support and sustain a thriving economy.

Helping those in need

Georgetown Community Hospital is committed to ensuring the delivery of needed healthcare to all members of the community, regardless of ability to pay. Last year the cost to Georgetown Community Hospital was more than \$2.9 million to provide services for those without the ability to pay for their care.

Adding new physicians

During the past year, Georgetown Community Hospital added six new physicians to our highly respected medical staff, including one internal medicine physician, one pediatric/internal medicine physician and specialists in hematology, oncology, cardiology, pulmonology and orthopedics.

One of our community's major employers

With an annual payroll of \$17,670,055 and 332 employees, Georgetown Community Hospital is one of the largest employers in the region. This means that our staff and family members attend many of the same schools, shop at the same stores and volunteer their time and resources for the same organizations as you do.

We thank you for choosing us for your healthcare needs. With your support, we can continue making our community healthier.
