

HELPING TO MAKE THE GREATER SCOTT COUNTY AREA HEALTHIER

At Georgetown Community Hospital, our goal is to deliver the best health care available in the greater Scott County area as we seek to make our community healthier. With the help of dedicated physicians, employees, volunteers and board members, along with your continued support and encouragement, we continue to move forward.

Delivering quality healthcare close to home is the single most important contribution we make. But there are many other ways we make a positive impact on the communities we serve. Here are a few of the other ways we are making a difference.

More than 1.9 million in capital improvements

In fact, we invested more than \$1.9 million in our facilities last year including technology replacement, information technology additions/updates, and routine facility upkeep and maintenance.

Contributing to our local tax base

Last year, Georgetown Community Hospital paid over \$1.6 million in taxes that have helped to support our city, county and state. This included sales taxes as well as property taxes. These dollars help to support local schools, development of roads, recruitment of business and industry, and other needed services.

Helping those in need

Georgetown Community Hospital provided more than \$52.8 million

in uncompensated care last year, which includes the amounts not covered by government-sponsored programs such as Medicare and Medicaid. This amount includes \$10.5 million for charity care and bad debts, incurred as we cared for many people without sufficient resources.

Adding new physicians

During the past year, Georgetown Community Hospital added seven new physicians to our highly respected medical staff, including specialists in bariatric surgery, oncology, nephrology and hospital medicine. These additions have allowed the hospital to expand its services and provide more comprehensive care for our community.

One of our community's major employers

With an annual payroll of \$17.7 million and more than 360 employees, Georgetown Community Hospital is one of the largest employers in the region.

We thank you for choosing Georgetown Community Hospital for your healthcare needs. With your support, together we can make an even greater hospital and a healthier community.
