A report to the community

William Haugh, CEO
*Georgetown
Community Hospital*

At Georgetown Community Hospital, our goal is to deliver the best healthcare available to the residents of Scott County as we seek to make our community healthier. With the help of dedicated physicians, employees, volunteers and board members, along with your continued support and encouragement, we continue our passionate pursuit of excellence.

Delivering quality healthcare close to home is the single most important contribution we make. But there are many other ways we make a positive impact on the communities we serve. Here are a few of the ways we are making a difference.

More than \$2.5 million in capital improvements

In 2011, we added a new fetal monitoring system and ultrasound in the emergency department.

In fact, we invested more than \$2.5 million in our facilities last year which, in addition to the above, included technology replacement, information technology additions/updates, and important facility upkeep and maintenance.

Contributing to our local tax base

Last year, Georgetown Community Hospital paid \$1,615,947 in taxes which helped support our city, county and state. This included state

sales taxes as well as property taxes. These dollars help maintain local schools, fund the development of roads, recruit business and industry, and provide other similar services vital to support and sustain a thriving economy.

Helping those in need

Georgetown Community Hospital is committed to ensuring the delivery of needed healthcare to all members of the community, regardless of ability to pay. Last year the cost to Georgetown Community Hospital was nearly \$4.4 million to provide services for those without the ability to pay for their care.

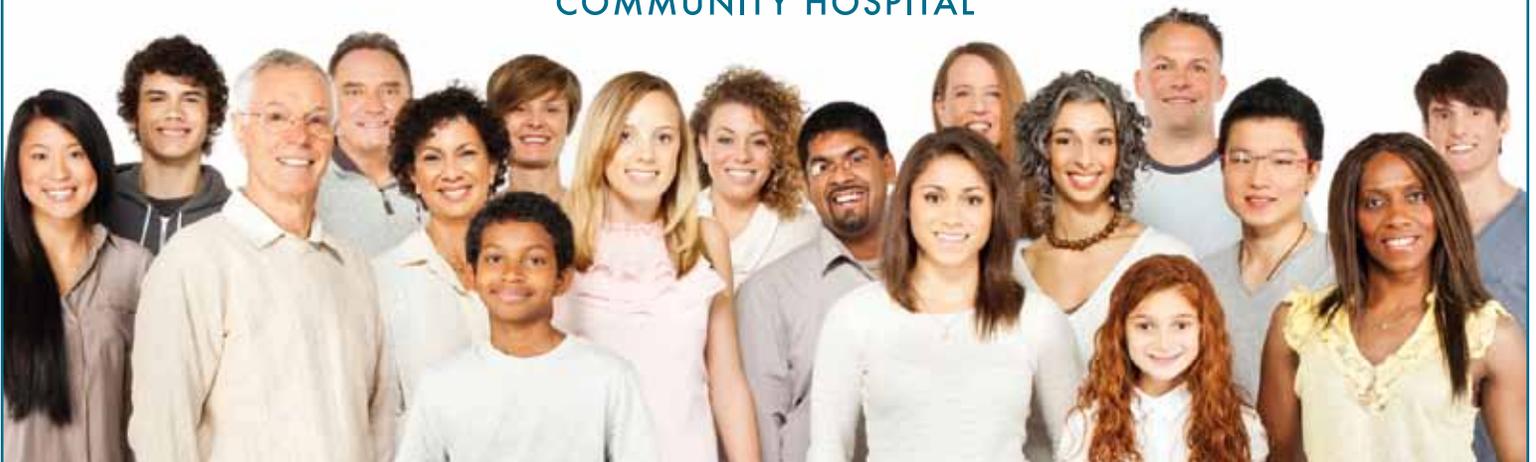

Adding new physicians

During the past year, Georgetown Community Hospital added three new physicians to our highly respected medical staff, including specialists in bariatrics, neurology and obstetrics & gynecology.

One of our community's major employers

With an annual payroll of \$16,753,492 and more than 300 employees, Georgetown Community Hospital is one of the largest employers in the region. This means that our staff and family members attend many of the same schools, shop at the same stores and volunteer their time and resources for the same organizations as you do.

We thank you for choosing us for your healthcare needs. With your support, we can continue making our community healthier.

SPONSORSHIPS AND DONATIONS

Georgetown Community Hospital is glad to be involved with the community in a variety of ways, from health fairs and screenings to donations to health talks. We hold an annual health fair where we provide information about our services and offer free screenings and often go into the community, to schools, and business in order to provide information and screening. Some of the community organizations and events we have supported with donations include Rotary, Kiwanis, the American Cancer Society Relay for Life, and the Heart Walk, among others.

Georgetown Community Hospital is part of LifePoint Hospitals®, a leading hospital company focused on providing quality healthcare services close to home. Through its subsidiaries, LifePoint operates more than 50 hospital campuses in 18 states. With a mission of "Making Communities Healthier," LifePoint is the sole community hospital provider in a majority of the communities it serves. More information about the Company, which is headquartered in Brentwood, Tennessee, can be found on its website LifePointHospitals.com.

"Charity and other uncompensated care" includes the amounts not covered by Medicaid as well as charity care and bad debt. "Physician recruitment costs" include recruitment costs and support of new physicians' initial practice establishment in the community. Payroll includes consolidated salaries, wages, benefits and contract labor costs. "Capital investments" include facility expansions/renovations, equipment purchases, technology replacement, information technology additions/updates, and routine facility upkeep and maintenance.
