

MAKING A HEALTHIER GEORGETOWN

A At Georgetown Community

Hospital, our goal is to deliver the best healthcare available in Central Kentucky. With the help of our dedicated physicians, nurses and healthcare professionals, along with your continued support and encouragement, we continue to move forward. We're proud to be an integral part of this great community and to play our role in helping Scott County and Central Kentucky be the best they can be. Delivering quality healthcare is a big part of the contribution we make. But there are many other ways a hospital can make a positive impact on the community it serves.

Over \$700,000 In Improvements

In 2007 we completed the addition of a new 64-slice CT and made a number of other quality improvements to our state-of-the-art facility. In 2008 we will complete a number of projects to enhance our ability to serve the community, including the addition of digital mammography, a new 16-slice CT, a new telemetry system, an additional operating suite and a new nurses station as well as the addition of an expansive new parking area.

Contributing To Our Local Tax Base

Last year, GCH paid \$297,725 in local B&O taxes to support city infrastructure, \$251,256 in local property taxes, and \$36,391 in state sales taxes.

Helping Those In Need

Georgetown Community Hospital has provided over \$8,412,933 in uncompensated care for those lacking sufficient financial resources, along with \$1,006,000 in Indigent Provider taxes to fund State Medicaid. This continues to be an important mission of the hospital.

Adding New Physicians

During the past 12 months, Georgetown Community Hospital has added 4 new physicians to our highly respected medical staff, including specialists in Bariatric Surgery, Internal Medicine, Ophthalmology and Urology.

One Of Our Community's Major Employers

Providing an annual payroll of \$13,230,392 to 373 employees, Georgetown Community Hospital is one of the largest employers in the area, and has been selected as one of the Best Places to Work in Kentucky four years in a row. We thank you for choosing us for your healthcare needs. With your support, together we can make an even greater hospital and a healthier community.
